

CERTIFICATE

CARB - 09-01-09-02

In accordance with the provisions of Third Party Certification stipulated within the scope of the **Final Regulations Order (FRO)** of the Airborne Toxic Control Measure (ATCM) as initiated by the **California Air Resources Board (CARB)**, it is hereby established that the product

Particle board Eco Maxx in the thickness range 26 mm – 60 mm

manufactured by

Nolte Holzwerkstoff GmbH & Co. KG

at his manufacturing site

**Nolte Holzwerkstoff GmbH & Co. KG
Konrad Nolte Str. 40
76727 Germersheim**

complies with the emission standards of **Phase 2** acc. to table 1 in FRO, § 93120.2 (a) and that the manufacturer meets the requirements with view of Quality Assurance, as set forth in the FRO, Section 93.120,12 Annex 2.

The approved Third Party Certifier (TPC) Entwicklungs- und Prüflabor Holztechnologie GmbH (EPH - TPC No W – 08 - 10) has performed the initial inspection of the manufacturing site and the company-internal production control (FPC) and made an evaluation of the FPC. The initial-type testing of the product has been carried out by an accredited test laboratory. The results of the small scale tests carried out by the manufacturer correlate to the results of the secondary method.

This evaluation is based on the monitoring and the test report:

Test Report No. 258175/ 2, dated January 09th, 2009

The manufacturer has contractually agreed with TPC Nr. W -08-10 upon quarterly supervision including sampling at the place of manufacture.

This Certificate was issued on January 09th, 2009 and is in force as long as the continuous supervision is carried out by the EPH, unless the requirements and conditions under which this Certificate has been issued will have changed considerably.
