ATTESTATION OF CONFORMITY

QP-16-09-30-14

Pursuant to supervision agreement SPL-09-02-20 of 20 February 2009, order number 259013, this attestation is valid for the products

Particleboard Eco Maxx

(Particleboard according to DIN EN 312)

nominal thickness range: 12 mm – 60 mm

manufactured by

Nolte Holzwerkstoff GmbH & Co. KG

at its manufacturing site

Nolte Holzwerkstoff GmbH & Co. KG
Konrad-Nolte-Straße 40
D-76726 Germersheim

This document confirms, that the supervision and certification body

Entwicklungs- und Prüflabor Holztechnologie GmbH (EPH)
Zellescher Weg 24
01217 Dresden, Germany

based on supervision agreement SPL-09-02-20 monitored the determination of Pentachlorphenol (PCP) content according to DIN EN 13986 annually, including test of samples from the plant in the EPH test laboratory.

As a result of the regular supervision conducted on 24 August 2016 and on the basis of the supervision report 02-2016, order number 259013 of 30 September 2016 it is hereby confirmed, that above mentioned products fulfil the requirements for the limiting value for the content of PCP of 5 mg/kg according to the Chemical Prohibition Ordinance § 1 (15) and there is no obligation for labelling according to EN 13 986 regarding the PCP-content.

Thus the conditions for the validity of the certificate QP-15-12-17-12 for the monitoring period of October 2016 to October 2017 are still given as along as the mentioned test procedures and/or requirements for the determination of formaldehyde content are unchanged or the product and manufacturing conditions in the plant are not changed significantly or the certificate was suspended or withdrawn by the product certification body.
