This document confirms, that the manufacturer applies a factory production control, biannually monitored by supervision and certification body

Entwicklungs- und Prüflabor Holztechnologie GmbH (EPH)
Zellescher Weg 24
01217 Dresden, Germany

based on supervision agreement SPL-09-02-20, including test of samples from the plant in the EPH test laboratory.

As a result of the supervision conducted on 14 February 2019 and on the basis of the supervision report 01-1-2019 of 15 March 2019 it is hereby confirmed, that above mentioned products fulfil the requirements of formaldehyde emission class E1 according to DIBt guideline 100.

Thus the conditions for the validity of the certificate QP 15-04-01-06 for the monitoring period of March 2019 to August 2019 are still given and remains valid as long as the mentioned test procedures and/or requirements of factory production control are unchanged and the product and manufacturing conditions in the plant are not changed significantly, unless the certificate was suspended or withdrawn by the product certification body.
